## Product description

The 19" Taycan S winter wheel set for the Porsche Taycan J1 II (facelift from 2024) offers an optimal combination of style and functionality for the cold season. This set includes four rims with dimensions 8J x 19 ET50 for the front axle and 10J x 19 ET47 for the rear axle, which are perfectly matched to the proportions and handling characteristics of the Taycan.

The rims are fitted with high-quality Continental winter tyres, which are supplied in size 225/55 R19 at the front and 275/45 R19 at the rear. These tyres offer excellent traction and safety on winter roads by ensuring an optimal balance between wet grip and snow performance.

In addition, the wheels are equipped with TPMS sensors that continuously monitor tyre pressure, ensuring increased driving safety. The item is new, unused and undamaged, making it a reliable choice for your Porsche Taycan.

The OEM number for this wheel set is 9J1073603BB, which confirms its authenticity and quality as a Porsche original part. With this winter wheel set, your Porsche Taycan is well equipped for the challenges of the winter months without compromising on the familiar Porsche aesthetics and performance.

## Technical specifications
