## Product description

This high-quality wheel in "RS Spyder Design" is specially designed for the Porsche Macan model 95C and offers an excellent combination of style and performance. The wheel measures 9J x 22 with an offset (ET) of 29, ensuring an optimal fit and excellent driving characteristics. The glossy black finish gives your vehicle a particularly elegant and sporty look. The rim has the OEM number 95C601025ADQ01 and is guaranteed as an original Porsche part, which promises high quality and a perfect fit. It is used but in very good condition and undamaged. This makes it a cost-effective option for those who want to upgrade their vehicle with authentic Porsche parts without having to resort to new parts. The technical designation is "high-gloss black", and the code Q01 refers to this specific colour and finish variant. The rim is suitable for both the left and right sides of the vehicle and is intended for mounting on the front axle. In summary, this 22-inch "RS Spyder Design" rim is an excellent choice for Porsche Macan owners who value aesthetics and performance. It combines high-quality materials with an impressive design to ensure the best driving experience.
