Product details

Article number:	TY7ARSHAMMT
Condition:	new New: a brand-new, unused.
Available:	ready for shipping
Price:	194,99 € (nett:163,86 €)

Product description

The fantastic book Arsham Motorsport is presented in two separate volumes in a slipcase, each offering an in-depth look at Arsham's portfolio. The first volume focuses on the extensive series of bespoke automobiles the artist has created together with his collaborative network, as well as his uchronic, instantly recognisable 'Eroded' artworks.

Venture into the past, present and future of the automobile with artist Daniel Arsham in the first-ever printed collection of his automotive works. Produced and published by ERG Media, Arsham Motorsport is a detailed and rich exploration of his oeuvre, with each work carefully catalogued and presented through highly detailed original photography. Never-before-seen insights reveal the rigorous experimentation, research and engineering required to bring each artwork to life.

Arsham Motorsport is presented as two distinct volumes contained within a collectible slipcase, each featuring a deep exploration of Arsham's portfolio. The first volume focuses on the expansive series of bespoke automobiles created by the artist alongside his collaborative network, and on his uchronic, instantly recognisable "Eroded" artworks.

Arsham Motorsport is an essential reference to his works and a standalone piece of art that reflects the distinct language of the artist. It is a complete catalogue raisonné of all his vehicular creations to date.
