Price:	350,00 € (nett:294,12 €)

Product description

In collaboration with Porsche Motorsport and Edition Porsche Museum, Type 7 proudly presents the book "Artifacts: Porsche Motorsport" – an impressive collection of over 250 objects, stories, and personalities that have driven Porsche to historic victories and competitions over the decades, now documented for the first time with this artistic depth. Curated, researched, and photographed at Porsche's secret locations—from Flacht and Weissach to archived storage rooms—this work offers a rare behind-the-scenes glimpse into the legendary motorsport heritage of the brand. With dramatic lighting, high-resolution photography, and a clear focus on textures, patina, and technical sophistication, photographer and creative director Thomas Walk reveals the human side of racing, far removed from sterile workshop aesthetics.

This extraordinary collection is further enriched by interviews with key figures: from Roger Penske and his longstanding collaboration with Porsche, to insights from factory drivers Richard Lietz and Pascal Wehrlein, culminating in a personal foreword by Ferdinand Porsche. The perfect coffee table book for fans of Porsche, motorsport, the stories behind the myth, design, and outstanding photography: Large format with 550 pages.

Created in close collaboration with Porsche Motorsport, Edition Porsche Museum, and the Corporate Archive. Striking design in collaboration with Andy Cruz from House Industries. Elaborate packaging with slipcase, racing harness closure, and embossed, leather-like cover. A collector's item and lover's piece that uniquely captures the exceptional connection of technology, history, and passion in Porsche Motorsport. Language english
