Price:	251,78 € (nett:211,58 €)

Product description

This high-quality brake pad repair kit from Porsche is specially designed for the front axle of the Porsche 911 991.1 Carrera 2, Porsche 981 Boxster GTS and Porsche 981C Cayman GTS models. The brake pads are an essential component of your vehicle's braking system, ensuring optimum braking performance and safety.

The part numbers for this original Porsche set are 99135193902, 99135193900, 99135193901, 99735193811 and 99735193810, confirming the compatibility and quality of these replacement parts. These original Porsche parts guarantee that the brake pads fit perfectly with the specific models and meet the original specifications of the vehicle. The brake pads are new, which means they are unused, undamaged and in perfect condition. Using original parts ensures that the longevity and performance of your Porsche are not compromised.

Installing these brake pads ensures that your vehicle continues to meet the highest safety and performance standards as intended by Porsche. This is particularly important in high-performance vehicles, where the quality and reliability of every part can be crucial.

Invest in this brake pad repair kit to maintain the functionality and safety of your Porsche while preserving the authenticity and value of your vehicle.
